The end of the year holiday party for school owners was discussed. All board members approved holding the party again in 2019.

A possible poomsae tournament, training camp, and referee seminar in June 2019 was discussed. More planning and discussion will take place at a future meeting.

Philip was appointed to run the GTF website and Facebook page.

An amendment to the GTF Sanctioning Guidelines was approved by all members

All GTF sanctioned events will have an open call for referee registrations but the tournament director will be able to appoint referees at his/her discretion.
